

APEX 4240 MOBILE STAGE

The Apex 4240 is the largest Mobile Stage we carry, as well as the newest stage the Apex Stages has designed. This stage is great for any large event and has the best specifications in its class! The stage deploys out of a 46' Class A Trailer and can be fully set up in less than 4hrs. The stage size is 42' wide by 38' deep with a roof trim height of 25' from the deck. We can also package lighting and audio systems with this stage!
