LED

With one of the largest fleets of LED in Europe, our wide range of LED products gives you the ultimate in design flexibility. Choose from curve, edge, flat, floor, corner and transparent LED at a range of pixel pitches from 1mm to 7mm to add limitless creativity to your stand design with a pixel perfect result.

4K & LARGE FORMAT SCREENS

Get the highest resolution screens available on the market with our range of 4K screens from 22" to 103". With four times more detail than full HD, 4K screens have over 8.3 million pixels in each image, and are available in any size, including our 98" 4K large format screen .

TOUCH SCREENS

Our fleet contains a wide-range of touch screens, kiosks, tables and interactive overlays for large-scale LED walls and large format screens. Boost your audience engagement with high-resolution touch screens featuring interactive content.

VIRTUAL SOLUTION

We can offer virtual solutions to add your exhibition booth, as well as our dedicated AV service and support, including video calling in meeting rooms, integration of virtual and physical audiences via our virtual platform and filming, live streaming and broadcasting to remote audiences.

SEAMLESS VIDEOWALL

As a leading specialist in the design, installation and maintenance of videowalls, we have an extensive fleet of videowall screens, including Samsung UE55, Samsung UE46 and Samsung UD55E. With a superslim bezel these seamless screens transform traditional videowalls into a stunning, barely-there finish.

INTERACTIVE

Interactive event technology boosts audience engagement and satisfaction, and we have the tools and expertise to make your stand fully interactive and safe. We can add in audience measurement tracking tools, touchless screens using phone screens and gesture tracking.
