LED

With one of the largest fleets of LED in Europe, our wide range of LED products gives you the ultimate in design flexibility. Choose from curve, edge, flat, floor, corner and transparent LED at a range of pixel pitches from 1mm to 7mm to add limitless creativity to your stand design with a pixel perfect result.

4K & LARGE FORMAT SCREENS

Get the highest resolution screens available on the market with our range of 4K screens from 22" to 103". With four times more detail than full HD, 4K screens have over 8.3 million pixels in each image, and are available in any size, including our 98" 4K large format screen.

TOUCH SCREENS

Our fleet contains a wide-range of touch screens, kiosks, tables and interactive overlays for large-scale LED walls and large format screens. Boost your audience engagement with high-resolution touch screens featuring interactive content.
