Simply **Brilliant** LED

Celeb® 400Q DMX LED

The Celeb® 400Q DMX LED is a slim, square fixture and produces soft, even True Match® light quality (CRI 95). The Celeb's innovative features include dial-in white light from 2700 to 5500 Kelvin and presets with programmable settings. Light levels do not change when selecting Kelvin settings. The Celeb also includes full range dimming without color shift. Operating at universal input from 100VAC-240VAC or 24VDC, the Celeb emits more lumens than a 1K softlight, yet uses only 1.8A (120VAC). Features include:

- Kelvin presets and custom settings between 2700K-5500K
- Universal input 100VAC-240VAC or 24VDC
- Onboard and DMX dimming
- Flicker-free, dead quiet operation
- Gel Frame and Honeycomb Louver
- Yoke Mount and Pole-Op
