With many high-level features already built in, the Artiste series is a family with complete continuity of colours making them an ideal set of tools for operators and designers.

The Artiste Rembrandt is a full-featured LED Wash FX fixture offering outstanding output, optimied wash field and is extremely bright. Providing up to 51,000 lumens, the Rembrandt is the ideal fixture for any application requiring superior wash output, bright and powerful beams and a quiet operation. Integrated with the new SpectraColour system Rembrandt offers a traditional CMY mixing but adds a variable RGB colour mix for rich saturated primaries.

Exclusive to the Artiste Series, the Rembrandt includes a full blackout framing system with 360˚ continuous index and rotation of shapes.
