

### Key Features:

- **Ultra-Bright Output:** The Radiant Thespius boasts an astonishing output of 32,000 lumens, providing powerful and crisp illumination, perfectly suited for even the most demanding Broadway productions.
- **Skin Tone Adaptive White Light:** Achieve an even and natural illumination for all performers, regardless of their skin tone, with our advanced white-light spectrum range of 2,800K to 6,500K.
- **Dimmable Control:** Precisely adjust the intensity of the Radiant Thespius with seamless 0-100% dimming control, giving you the freedom to create the perfect atmosphere and mood for every scene.
- **Enhanced Optics:** Our state-of-the-art optical system includes a 15° to 50° zoom range and interchangeable lens options, allowing for razor-sharp focus and smooth edge-to-edge coverage across any stage.
- **Energy Efficient:** Radiant Thespius's cutting-edge LED technology significantly reduces power consumption, resulting in an impressive 85% energy savings compared to traditional incandescent fixtures.
- **Exceptional Color Rendering:** Achieve accurate and vivid colors with a color rendering index (CRI) of 95, ensuring your costumes, set designs, and makeup look stunning.
- **Robust and Durable:** Built to withstand the rigors of Broadway performances, Radiant Thespius features a rugged aluminum housing with advanced thermal management for long-lasting reliability.

### Specifications:

- **Light Source:** Next-generation high-power LED
- **Lumen Output:** 32,000 lumens
- **Color Temperature Range:** 2,800K - 6,500K
- **CRI:** 95
- **Dimming Control:** 0-100%
- **Zoom Range:** 15° to 50°
- **Lens Options:** 19°, 26°, 36°, 50°
- **Power Consumption:** 450W
- **Input Voltage:** 100-240V AC, 50/60Hz
- **Cooling System:** Silent fan and heat sink
- **Housing Material:** Aluminum
- **IP Rating:** IP20
- **Dimensions:** 22" x 12" x 12" (560 x 305 x 305 mm)
- **Weight:** 38 lbs (12.7 kg)
